

Safety Alert

Work Trains travelling into a Fixed Worksite

Incident

This safety alert has been issued following several incidents on the Interstate Network where Protection Officer (PO's) have attempted to take or have been issued a TOA for work trains/track vehicles travelling into a fixed worksite with a train still within the fixed worksite limits.

For your action

Place Safety Alert on display and make copies of this alert available to people who report to you (without regular email access) and ensure that the contents of the safety alert are discussed/explained to your staff.

If engaging contractors, ensure they are made aware of current ARTC Safety Alerts.

Ensure a method of sign-off is obtained (eg via tool-box/safety meetings/morning briefings etc) to verify that the Safety Alert has been distributed and discussed.

If you have any safety concerns with this Safety Alert please speak directly to your supervisor.

Further information

- All Safety Alerts issued can be [found here](#).
- For further information please contact Cath Bowlzer, Principle Advisor Safety and Environment Interstate.
- Please note that we have recently updated our Safety Alerts distribution list. If you have received this email in error, please reply to this email and provide an appropriate alternative email address if required.
