Subject: RE: RGR Team: eTAP Update

Hi Team,

See below statement for an update from Operations regarding work on track methods currently available for Yards and Sidings:

“Advice has been provided that as of today, Monday 16th March hand written TOA’s are now permissible in Sidings or Yards where there is no infrastructure details in the eTAP system.

This authorisation has been provided by the Service Delivery Manager.”

Let me know if you require further information, thanks in advance.
