

Incident Reporting Policy

Pure Rail Pty Ltd commits to preventing workplace accidents and minimising dangerous occurrences and will endeavour to achieve a zero accident rate.

The company commits to:

- Providing a mechanism for reporting accidents, incidents, work-related illness and dangerous occurrences;
- Investigating accidents to determine the root cause with the objective of preventing a recurrence;
- Obtaining statistical information about the accident or incidents;
- Meeting legislative requirements for reporting accidents and incidents.

All accidents or incidents that result in an injury or work-related illness during the course of work must immediately be reported to WorkCover, the Safety Representative and First Aid Officer in alignment with Pure Rail's Return to Work Policy (PR-POL-018).

Any dangerous occurrence which has the potential to result in injury or damage to property must be reported in the same manner as an accident.

In the event of a dangerous occurrence or accident Pure Rail must ensure the relevant state authority is notified and that a full investigation is undertaken to determine the root cause.

The most appropriate corrective action will be taken to ensure the incident does not recur.
