

CRN TOC Notice – Train Length Limits

TOC Reference Number: CRN 23-033 **Expiry Date: N/A**

Distributed to: Internal TOC Waiver Distribution List
External TOC Waiver Distribution List

Issued by: Nic Coulthard
Principal Rollingstock Engineer

Requested by: UGLRL

Issue date: 24/06/2023

Start date: 24/06/2023

All rolling stock accessing the CRN is now subject to length limitations. No coupled consist is to exceed the following maximum lengths end-to-end:

Western Section

- Orange to Dubbo: 1,440m
- Airly Loop Junction Up YL to Rylstone Up YL: 1,080m
- All other areas: 1,500m

Northern Section

- West Tamworth Up Main YL to Armidale: 635m
- West Tamworth Up branch YL to Westdale: 900m
- All other areas: 1,500m

Southern Section

- Tarago Up YL to Canberra: 900m
- All other areas: 1,500m

The above details are applicable with immediate effect and will be added to TOC Section 4 (Train Marshalling) during the next TOC Update.

With adequate notice, special arrangements may be able to be made for trains longer than these limits. Enquiries of this nature should be directed to the UGL Regional Linx Long Term Train Planner via the regular channels.
