HSE Alert

Communication Number:

COMM-0000045

Published:

17/05/2024

Issued By:

Harcus, Rebecca, Safety and Environment - Corporate Safety, 20615 - Safety Risk and Assurance Manager

Title / Subject:

Validation of Rail Industry Worker (RIW) qualifications and competencies

Description:

At ARTC, safety is our number one priority.

Action Required:

ARTC would like to strongly encourage all personnel planning to work in the ARTC rail corridor to ensure their Rail Industry Worker (RIW) profile is up to date with valid job roles and qualifications for the task they are about to perform.

ARTC urge all personnel to review the RLS-PR-003 Protocol for Entering the ARTC Rail Corridor to ensure that all requirements are met and understood.

ARTC responsible managers are also reminded to check and confirm qualifications and competencies prior to works commencing.

Guidance on how to navigate the Rail Industry Worker System can be found via the Links to Supporting Documentation below.

If you have any questions regarding the RIW system, please email RIWhelp@ARTC.com.au. Safeworking Services questions can be directed to either SafeworkingFramework@ARTC.com.au or SPO@ARTC.com.au.
